Conduct of Students, Players and Coaches

Any student, player, or coach displaying unsportsmanlike conduct (profane or abusive language, threatening actions, or fighting) to an opposing player, coach, official, or supervisor in an intramural contest shall be required to immediately leave the premises on which the contest is being held. The official in charge shall be responsible for enforcing the ejection penalty. Any action(s) that the Assistant Director deems excessive will be turned over to the Disciplinary Board and/or University Judiciaries. **FIGHTING AND ALCOHOL USE IS NOT TOLERATED.**

Sportsmanship Rating System

The Sportsmanship Rating System is intended to be an objective scale by which teams' attitude and behavior can be assessed throughout the Intramural season. Behavior before, during, and after an Intramural contest is included in the rating. **The team captain is responsible** for educating and informing all players and spectators affiliated with his/her team about the system.

Each team in each contest shall be rated by the officials. The authority of the officials' ratings exists prior to, during, and following all contests to which that official is assigned, and extends to all persons on, at, or near the playing site. Sportsmanship ratings shall be marked on the score sheet, and will be updated online.

In all cases, Intramural Supervisors or Administrative Staff may provide input which may raise or lower the rating. Officials have been instructed not to comment to teams about ratings. Teams may inquire with an Intramural Supervisor at the game site to view their sportsmanship rating or view it online. A team captain may appeal his or her team's sportsmanship rating by submitting an appeal to the Intramural Office by 5:00PM of the next business day following the contest.

Team sportsmanship is graded according to the following scale and criteria:

Outstanding Sportsmanship – 4: All players cooperate fully with staff, officials, and opposing team throughout the competition. The captain respectfully converses with staff and officials when needed and has full control of his/her team.

Good Sportsmanship – 3: Team members are in control throughout the contest. Sportsmanship and actions of team members are at acceptable levels. Team does not show any aggressive dissent towards staff or opposing team except for one or two minor incidents which may or may not merit a warning from the officials or manager. Highest grade a team may receive if issued an unsportsmanlike behavior penalty.

Average Sportsmanship – 2.5: Team members are in control most of the contest. Team had one major incident or multiple minor incidents which may or may not merit a warning from the officials or manager. Highest grade a team may receive if one player was ejected for unsportsmanlike conduct.

Below Average Sportsmanship – 2: Team members or spectators are disrespectful of opponents or officials on a number of occasions which may or may not warrant a penalty. Captain exhibits minor control over his/herself and his/her teammates and spectators.

Poor Sportsmanship – 1: Team members continually exhibit dissent towards officials and opponents. The team captain exhibits little or no control over teammates or himself/herself. Majority of individuals on this team are disrespectful of opponents or officials on a regular basis. Highest grade a team may receive if two players were ejected for unsportsmanlike conduct.

Season Ending Sportsmanship – 0: The team is completely uncooperative, out of control, or shows no respect for staff and/or opponents. The team has multiple ejections or blatant unsportsmanlike conduct that endangered participants, fans, officials, or supervisors. Teams that receive this rating are subject to immediate dismissal from league or tournament play or suspension from all Rec Center programs and facilities.

Individual Sportsmanship

Individual unsportsmanlike penalties will carry over from sport to sport. Once a participant receives a 3rd unsportsmanlike penalty during the course of the school year, they will automatically be ineligible from all intramural sports competition for one week. If a participant receives a 4th unsportsmanlike penalty during the course of the school year, they will automatically be ineligible from all intramural sports competition for three weeks. If a participant receives a 5th unsportsmanlike penalty during the course of the school year, they will be automatically ineligible from all intramural competition for the remainder of the school year.

Alcohol and Improper Behavior Policy:

1. A person under the influence of alcohol CANNOT play in Intramural Sports activities.
2. A person altered by any other drug CANNOT participate in Intramural Sports activities.
3. The Competitive Sports Staff (Intramural Officials, Supervisors, Coordinator or Assistant Director) have the right to keep anyone from play or take anyone out of play who is harmful to other participants due to alcohol/drugs, abusive unsportsmanlike behavior, unnecessary roughness, bleeding, harmful equipment, and any other situations deemed harmful.
4. Anyone failing to comply with the staff and policies/procedures will have to explain themselves to the Campus Police.
5. Being ejected from the field/court results in suspension from future participation and possible judicial intervention. The length of suspension is contingent on the severity of the incident(s).

If a player is ejected from a game he/she will be required to:

1. Set up a meeting with the Assistant Director for Intramural Sports regarding their ejection;
2. Sit out the next scheduled game involving their team, or other IM event
3. Pay a \$25 fine
4. Not participate in any other IM activities until the suspension has been served.

Note: Depending on the severity of the incident, additional requirements (longer suspensions, etc.) may be necessary.

If the same player is ejected a second time from any sport, the player will be required to:

1. Meet with the a professional staff member of the Competitive Sports Staff regarding their ejection;
2. Sit out the next two scheduled games involving their team (Exception: If a player is ejected from two games during the same sport season, that player will not be allowed to play any future games in that particular sport for the remainder of the academic year);
3. Pay a \$50 fine; and
4. Not participate in any other IM activities until the suspension has been served.

*** In extreme cases and/or appeals to suspensions (no appeals on 1 or 2 game suspensions) the Intramural Sports Disciplinary Board will decide on rulings. Further actions may be taken to University Judiciaries.***

Participants will receive an additional \$25 fine for:

- Failing to meet with a Competitive Sports Professional Staff member regarding their ejection

- Any ejections occurring during the last scheduled game for that player's team
- Failing to show for any assigned officiating duties
- Participating in any IM activities while under suspension (Teams will also be forfeited from league and a forfeit fee will be imposed)

Grace Period

At game time, if one team (Team A) has enough players to start the game, and the other team (Team B) does not have enough to start but at least one member signed in, the supervisor will ask Team A if they would like to win by Default or wait an additional five (5) minutes for Team B to possibly have more players arrive.

- If Team A chooses to win by Default, the game will be declared a Default at that point.
- If Team A chooses to wait an additional five (5) minutes, the game clock will then start, and the teams will wait to see if additional players from Team B arrive.
 - If Team B has enough players arrive before the five (5) minute "Grace Period" expires, then the game will begin as it normally would with the game clock still running.
 - If Team B does not have enough players arrive before the five (5) minute "Grace Period" expires, then the game will be declared a Default once the five (5) minutes are up.

Forfeits and Defaults

A team will receive a **DEFAULT** if they have at least one player signed-in at game time, but not enough to start a game. When a team defaults with at least one player signed-in at game time, a loss will be recorded in the standings, the team will receive a 2.0 sportsmanship rating for the game, and the team captain or College will be billed a \$40 fee. Any team that defaults will be ineligible for the post-season, **unless** the team captain informs the Intramural Sports office no less than 48 hours before the scheduled game time that they are defaulting. When this happens, a loss will be recorded in the standings, the team will receive a 2.0 sportsmanship rating for the game, but the team captain or College **will not** be billed a \$40 fee.

A team will receive a **FORFEIT** if they do not have any players signed-in at game time. When a team forfeits, a loss will be recorded in the standings, the team will receive a 0.0 sportsmanship rating for the game, and the team captain will be billed a \$40 fee. Any team that forfeits will be ineligible for the post-season.

Any team that receives a second forfeit or default (or one of each) will automatically be removed from the league and ineligible for any remaining games.

When a team defaults or forfeits, the following score will be recorded for the game:

- Basketball: 20-0
- Badminton: 2-0
- Billiards: 2-0 (Recreational); 3-0 (College)

- Softball: 10-0
- Table Tennis: 2-0 (Recreational); 3-0 (College)
- Ultimate Frisbee: 9-0
- Volleyball: 2-0

Protests

Judgment calls are not disputable. Eligibility and rule interpretation protests must be made on the field/court of play immediately following the incident(s) in question. At the same time the captain of the team protesting must notify the opposing captain and the official(s) that the game is under protest. The official(s) should notify the supervisor on duty, who will then try to resolve the protest along with them. If the captain who protested is found to be correct at the game site then the game will resume with the corrected interpretation of the rule(s) applied. If the captain is incorrect then his/her team will be charged with a time-out and the game will resume with the initial ruling being applied. If the protest can NOT be resolved at the game site then the officials and supervisor will fill out the **PROTEST FORM** which details the situation for the Competitive Sports staff to review. The Competitive Sports staff will contact both team captains and official(s) with the final decision in each case. Protests may be dropped by the captain who headed the protest.

Reschedules

If a team is requesting a schedule change for any match, a team captain must follow the protocol below:

- The captain requesting the change **MUST** notify the IMS office **AND** their opponent's captain **at least two business days** (business hours are Monday – Friday, 8:30am – 4:30pm) prior to game time. To inform all parties:
 - The captain requesting the change will email ims@rice.edu and cc their opponent on the email as well, stating that their team is using their one reschedule request for that sport. Information that needs to be included is: Sport, Date, Time, Teams. Opposing captain's email can be found on IMleagues.
- The IMS Office will then send an email to both captains with 3 options they may choose to make up the game. Both captains have **48 hours** to reply to the email from the IMS Office with their preferred dates. If a captain does not reply back within 48 hours, the IMS Office has the right to reschedule the game where they see fit. *Note: Depending on how much time is left in the sport and availability of staff, 3 options may not be available all the time.*
- Teams will be allowed only **ONE** rescheduling request per regular season. (No reschedule requests can be made during the playoffs. Only IMS initiated reschedules can change playoff dates/times).
- Once a game has been rescheduled with our office it will **NOT** be changed a second time.

Notification Policy:

- **Notified less than two full business day in advance** (business hours are Monday – Friday, 8:30am – 4:30pm) – **NO CHANGE**, play or forfeit on the regularly scheduled time.
- **Notified two business days or more in advance** (business hours are Monday – Friday, 8:30am – 4:30pm) – reschedule request will be accepted, as long as a team has not already used their one reschedule request.

*Again, business days are Monday – Friday, from 8:30 am – 4:30pm. **ANY E-MAILS SUBMITTED DURING NON-BUSINESS HOURS WILL NOT BE CONSIDERED RECEIVED UNTIL THE FOLLOWING BUSINESS DAY.**

Weather

In case of inclement weather, a member of the Competitive Sports Staff will decide whether a scheduled contest shall be played by 3pm the day of the games. Captains will not be charged for games rescheduled due to weather unless they postpone the new game. If the game(s) are called off, the Competitive Sports office

will update the website as well as email the captains to make them aware of the decision. If after 3pm, a professional staff member or a supervisor of the intramural staff shall be the judge(s) of determining whether play will continue. Captains and participants should be mindful of weather and routinely checking emails from the Intramural Staff and IMleagues on days of play.

Recreational & College Playoff Procedures

The top two teams in each division in the 12-team league; top three teams in each division in the 11-team league with a 3.0 or higher sportsmanship rating, will be notified and included in a single elimination championship playoff. If a team in the top two in their division for the 12-team league; top three in their division for the 11-team league does not have a 3.0 or higher sportsmanship rating, they will not be eligible for the playoffs. The team in their division with the next best record and 3.0 or higher sportsmanship rating will be included in the playoffs instead.

Leagues with 10 or less teams:

First and second place teams in each division with a 3.0 or higher sportsmanship rating, will be notified and included in a single elimination championship playoff. - Fourth tiebreaker – **points differential using all regular season games**

Teams will be seeded for the playoffs based first on regular season win/loss record and then point differential. NOTE: teams from the same division will be placed on opposite sides of the bracket, if possible.

All playoff teams will be notified of their playoff games within 24 hours of the last completed game of the regular season. If the teams do not agree or do not show up for this predetermined date and time, the game will be declared a forfeit for both teams.

President's Cup & Points

The President's Cup is awarded to the college that has the highest point tally for several categories. The winning college will display the President's Cup in their college the following school year. **The top four teams in each event will receive President's Cup points in the following manner: 1st place = four points, 2nd place = three points, 3rd place = two points, 4th place = one point. If two or more teams are tied, they will receive an equal share of the points allocated for their final positions.** President Cup points for third and fourth place will be managed in the following manner (as needed):

- First tiebreaker – head-to-head meeting
- Second tiebreaker – regular season win/loss record (ONLY if teams played the same number of regular season games)
- Third tiebreaker – outcome of finals (i.e. if Team A wins the championship, the team who lost to Team A in the semifinals will be awarded third place)
- NOTE: If a team forfeits in the semifinal round they automatically receive fourth place.

Should two colleges finish the school year tied for the President's Cup lead, the first tiebreaker shall be **President's Cup points in Intramural-Only events (i.e. All President's Cup points won in sports *other than Beer Bike or Powderpuff Football.*)** Should the two colleges remain tied, the second tiebreaker shall be

Every meeting between the two tied colleges (regular season and playoff) in these 6 team sports shall be considered. The Intramural Sports Department reserves the right to determine third and fourth tiebreakers, as needed, at any time and without the input of the tied colleges.

Freshmen sports (Football and Basketball) will count towards the President's Cup ONLY if GSA is not in 1st place.
