3:30 PM: Finish hiking
4:00 PM: Depart for campus
5:00 PM: Arrive back on campus
5:30 PM: Done

Brazos Bend State Park is teeming with wildlife! The landscape is flat, so this is a nature hike. Enjoy taking a walk and seeing the wildlife! Here’s an excerpt from the park’s website detailing the wildlife present:

“The Horseshoe Lake area trails are more forested with less wetland habitat. The Brazos River is best viewed from the Red Buckeye Trail. Birdwatching is excellent throughout the park. Bring your binoculars. 40 Acre, Pilant and Elm lakes are the best areas to view wading birds and waterfowl, with a mix of songbirds and sparrows. Raptors can be viewed anywhere. Hale Lake area is more suitable for forest and songbirds. The Prairie Trails are good for sparrows and other upland birds. The Prairie Trails start at the 40 Acre Lake parking area. Wildflowers can be found throughout the park and are very diverse according to habitat but the best variety can be found on the prairies. Field guides for plants and animals can be purchased at the headquarters and Nature Center gift shops. The Creekfield Lake AllAccessible Trail is a paved halfmile trail. Take the crosswalk from the Nature Center and Observatory parking lot. Wayside exhibits are usable for everyone. Marsh and woodland habitat are viewed from this trail.”
