Sam Houston National Forest is a beautiful forested wilderness area just out of Houston, including foothill mixed hardwoods and cypress bayous. We will hike a loop through the forest including sections of the Little Lake Creek and Lonestar Trails. In this area, the forest has been allowed to return to a more natural state free of human activity, giving us a taste of an undisturbed forest. Join us for a basic introduction to backpacking and camping basics, a great hike, and an escape from the hustle and bustle of life in Houston. This trip features a "disconnect to reconnect" agreement. Phones will be permitted for photos but all services will be turned off to allow participants the freedom to enjoy the trip without personal or community phone distraction. Trip registration includes transportation, trail fees, trail equipment, and associated recreational fees.

<u>*Footwear Guidance</u>: Appropriate footwear for backpacking is a sliding scale largely based around prior experience and terrain. The more challenging and rocky a trail is, the greater requirement for hiking shoes or boots. An established trail through the forest offers more flexibility for trail shoes. Participants with weeks of trail experience may consult with trip leaders on preferred footwear. Some restrictions may still apply including prohibitions on sandals.

It is not necessary for you to purchase a set of new expensive equipment; many items listed above you may already own as athletic or day-to-day apparel. Check with your friends for options to borrow or rent items too. Items that you choose to purchase may be available at low cost from online suppliers or local thrift store. Our primary concern is that all participants have appropriate equipment for a safe and comfortable experience.

If you are unsure whether an item or clothing you own is appropriate for this trip, please contact us prior to the trip or bring the item/clothing to the pre-trip meeting.

Please leave jewelry and other non-essentials at home.

Alcohol, tobacco, and recreational drugs will *not* be tolerated on any trips led by ROPE. If you have such items, do *not* bring them!

These requirements are for the safety and comfort of participants. ROPE reserves the right to refuse involvement in the program to anyone not properly equipped.
