Stretching from bottomland hardwood forests to the marsh waters of the Gulf Coast, the Trinity River National Wildlife Refuge offers the chance to see a variety of birds, reptiles, and marine life just outside of Houston. ROPE will teach you the basics of kayaking in the AM and then take you out for a ~6 mile paddle as we hope to catch a glimpse of the local wildlife.

This trip is open to participants of all experience levels but the ability to swim is required.

Registration covers transportation, meals on trail, equipment, and associated recreation fees. Participants are responsible for meals while traveling to location. Participants assist with gear clean-up to encourage gear care and reduce trip costs.

According to weather and water conditions this trip may shift to an alternative paddling location.
